MAKES HIS OWN LAW

A Chinese Landlord Gets Himself Into Trouble.

A native police officer named Kauahi came down to the Police Station yesterday evening in his undercloth-ing and reported to Captain Lang-ley that his apartments had been nailed up by Achew, his Chinese landlord, and that he could not get his clothes. The officer told the following story: He had gone out about noon yesterday, leaving his wife and family at home. When he returned about 6 o'clock in the even-ing he found his family out on the road, and was informed by them that the door of his room had been nailed up by the landlord for his being \$3 in arrears for rent. The man's family could not get anything to eat, as everything they owned was in the room. The officer had \$25 also in a trunk. Kauahi had to report for duty in the evening, hence his calling at the Station.

Captain Langley, on hearing the story, promptly went to the place at Leleo and requested Achew to draw the nails. The Chinaman did not require any further persuasion, and was paid \$3 from the \$25 the man had locked up in the room. It was a matter of revenge with the Chinaman, as it is reported that the officer "pulled in" some of his friends, hence his nailing up of the room without notification, as the law requires. In connection with the above Kauahi has brought a suit for \$100 damages against Achew. A recent judicial decision warned landlords to be very careful they did not go beyond the law in looking after

THAT MYRTLE RACE.

Notwithstanding a Dispute It Will he Rowed.

The six-oared boat race between "Greenhand" members of the Myr-tle Boat Club will take place at 4:30 o'clock to-morrow afternoon in the harbor. The race, which is for a supper at the Arlington, has caused some amount of speculating among the Myrtles, as it will be a race for blood. The agreement between W. Harris and J. Wright, who are captains of the respective crews, made on Saturday last, was that no member who has pulled in a senior race will be allowed. It has transpired that Capt. Wright has substituted Crozier, who pulled in the championship race, for his brother, hence a kick. Wright claims that Ruby Dexter and W. Harris have rowed in senior races, and that Capt. Harris having the better boat—Alice M.—there should be no discrepancy. Anyhow, the forfeit money is up, and both crews will come up to the line for a race around the Spar buoy. Judge Robertson will act as judge and starter. Following are the

Co. A Moving to Erect a Monument to D. L. Huntsman.

The members of Co. A, Captain Ziegler, have had under consideration for the past few months the erection of a tombstone over the grave of the late D. L. Huntsman, who fell by the hands of C. A. Herring, now serving a sentence of ten years in prison for manslaughter. After the drill at the barracks yesterday evening the matter was dis cussed over two kegs of beer, and it was found that there was about \$70 in cold cash of the company's funds left from the funeral expenses of the deceased. A committee consisting of J. Emmeluth, Carter and Fritz Rowald was elected to make arstone. It is proposed, and it is the desire of the members of the company, that the monument be made in Honolulu.

The following is the opening stanza of a double acrostic:

What greater joy could be portrayed, When all is calm and gay, Than in my first to be conveyed, And in my last to stay?

The answer shows "my first" to be "Warrimoo," and "my last" "Hono-lulu." The journal was published in manuscript parts on the voyage, which were preserved and on arrival at Sydney printed in this neat form.
